

Delightful Daylilies

Design by Marianne Crivellaro, Text by Darlene Welch

Daylilies, because they come in so many colors and varieties, have become one of the most popular landscaping flowers among gardeners everywhere. This stylized version by Marianne Crivellaro from her pattern book, *Buds and Bevels*, captures the beauty of these flowers in stained glass. The book is part of Marianne's larger collection, *Ultimate Pattern Book, Vol. 3*. Over 300 patterns can be found in this collection, which is printed in an oversized 9" x 12" format for ease of use. These patterns are perfect not only for small panels and suncatchers but for mosaics and fused designs as well.
